ISSL are Uganda's sole retail representatives for NAPS (NESTE ADVANCED POWER SYSTEMS), a
Scandinavian Company based in Norway and Finland. NAPS Systems has been in Africa for over two
Decades and has played a major role in the development of Solar Systems for such applications as Water
Pumping, Lighting, Refrigeration and Telecommunications.

When successfully demonstrated the system concept could be used in remote power applications and advanced
low energy houses. Component tests for an experimental system of 1 kWh daily load are being carried out and
mathematical models have been developed for approximate system sizing and detailed system analysis.
