

Australia varta storage

What is a Varta energy storage system?

The basic idea of an energy storage system is the ideal management of the differences between the generation of electricity and the actual consumption. With a VARTA energy storage system, you can temporarily store the energy you have produced yourself and use it when you actually need it.

Does Varta offer a warranty on batteries made in Germany?

As battery experts made in Germany, we give you up to 10 years' warranty- because we know we can rely on our energy storage systems. 2 As a technology company, VARTA is the only provider of energy storage systems to have more than 130 years of expertise in batteries made in Germany.

Where can I buy VARTA batteries?

Here at BuyaBattery we are proud to be dedicated UK distributors of Varta batteries with our range including their alkaline, lithium, rechargeable and specialist size offerings. We also sell the Varta Industrial Pro batteries, which are bulk packed and available at wholesale prices.

Is Varta liable for any damages?

VARTA shall not in any event be liable for any direct, indirect, special, incidental, or consequential damages, including, without limitation, lost revenues, or lost profits, arising out of or in any way connected with the use or misuse of the information or lack of information on VARTA web site. Thank you for your interest in our website.

Is Varta liable for errors in information?

Nevertheless, inadvertent errors in information may occur. VARTA disclaims in particular any responsibility for typographical errors and for the accuracy, completeness and timeliness of the information contained in the company's web pages. The information and data made available on VARTA servers are subject to change without notice.
