

Guidance for car manufacturers on how to apply for their vehicles to be eligible for the Electric Car Grant. The guidance explains: how the scheme works vehicle eligibility the application process ...

The UK government has reconfirmed its plans for a ban on pure petrol and diesel vehicle sales by 2030, with hybrid vehicles following in 2035 for cars, leaving only zero emissions vehicles, of ...

Battery Electric Vehicles (BEVs) These are fully electric powered with no Internal Combustion Engine (ICE). Powered by an electric motor and rechargeable batteries. There are zero emissions from the tail pipe but will require access to ...

The European Parliament's decision to ban the sale of new internal combustion engine (ICE) cars by 2035 is a bold move, signaling a significant pivot towards electric vehicles (EVs) as part of the EU's ambitious climate goals.

The once-accelerating transition to battery electric vehicles (BEVs) in the U.S. has hit a speed bump. Slowing consumer demand, infrastructure limitations, and shifting regulatory signals ...

Battery electric vehicles (BEVs) in Europe are now proving to be significantly more climate-friendly than petrol-powered cars, according to new findings from the International Council on Clean ...

Fuel cell vehicles (FCVs), which convert hydrogen into electricity via an electrochemical reaction, offer several benefits compared to internal combustion engine (ICE) vehicles and battery ...

Top-Selling Battery-Electric Car Brands in Europe in 2025 (June & Half Year) Battery electric vehicle sales in Europe continued to increase. For the first time, over one million BEVs were registered in the first semester for a total of ...

In the first half of the year, more than 5.9 million battery electric vehicles (BEVs) were registered worldwide, a 37% increase compared to the same period in 2024. For comparison, full-year sales in 2024 had only grown by around 14%. China ...

China's BYD said on Tuesday it delivered 382,585 vehicles globally in June, marking a 10.5% increase from the same month last year. Of the total, 377,628 were passenger vehicles, ...

The aim of this study is to reveal the changes in environmental and economic performance if we switched from internal combustion engine vehicles (ICEVs) to battery electric (BEV) or hybrid ...

Battery electric vehicles bevs lithuania

However, relatively high purchase prices mean electric vehicle uptake in Lithuania is currently low. Electrifying transport and maintaining affordability, including by expanding the market for ...

According to the SMMT, 24.8% of new cars registered in the UK in June 2025 were pure battery-electric vehicles (BEVs) whilst just 5.6% were diesels. Plug-in hybrids accounted for 11.2%.

As Europe's electricity mix is getting cleaner, battery-electric vehicles (BEVs) are also offering a larger climate advantage than previously expected, according to the results of a new study ...

Dominant Segments: Battery Electric Vehicles (BEVs) are leading the passenger EV space, with SUVs and subcompact SUVs dominating sales. Tata Motors remains a frontrunner, driven by ...

Download the PDF file of the original publication [Full title: Comparative Environmental Life Cycle and Cost Assessment of Electric, Hybrid, and Conventional Vehicles in Lithuania]

Regional differences stem from pricing and battery strategies, with China leveraging low-cost LFP batteries, while the U.S. and Europe focus on range and charging performance. As ...

Battery electric vehicles (BEVs) remain the primary driver of growth in the European alternative fuels market. BEV sales outpaced plug-in hybrid electric vehicle (PHEV) growth, reflecting ...

A new report by the International Council on Clean Transportation (ICCT) finds that battery electric vehicles (BEVs) produce significantly fewer greenhouse gas (GHG) emissions than ...

Registrations of vehicles with plugs rose strongly as battery electric vehicles (BEVs) jumped 39.1% to 47,354 units, equivalent to a quarter (24.8%) of the market, and plug-in hybrid electric vehicles (PHEVs) grew 28.8% to 21,382 ...
