The global market for recycling used power batteries is experiencing explosive growth, driven by escalating environmental concerns, stringent regulations on e-waste disposal, and the surging ...

Italian automation specialist Comau has inaugurated a dedicated dry room laboratory at its headquarters in Grugliasco, aimed at enhancing its battery cell production capabilities and ...

Texas-based Ecobat, a major player in battery recycling, has completed the sale of its battery and polypropylene recycling business in Italy to Haiki +. The transaction includes Ecobat's facilities ...

Electric vehicle or EV battery recycling in China is growing into a multibillion dollar business as investors are eyeing opportunities in surging volumes of retired new energy vehicles, or NEVs. Analysts said enhanced ...

Sale of auto battery, PP recycling business in Italy to Haiki -- By Plasteurope staff -- Italian environmental services provider Haiki (Milan;) has acquired in full the Italian ...

Comau has opened a 500 m2 dry room lab at its Grugliasco headquarters in Italy, featuring dew points down to -50 °C and advanced proto-test stations. The facility supports lithium-ion and ...

Battery recycling italy

Battery recycling supports sustainability by reducing reliance on raw material mining, preventing toxic waste leakage into ecosystems, and recovering up to 95% of metals like lithium, cobalt, ...

Proper battery recycling separation hinges on chemistry, size, and voltage. Alkaline, lithium-ion (Li-ion), and nickel-cadmium (Ni-Cd) require distinct processes to prevent toxic leaks or fires. ...

The global EV battery recycling market is experiencing robust growth, driven by the burgeoning electric vehicle (EV) sector and increasing environmental concerns surrounding battery waste. ...

A Surge in EV Battery Recycling in Japan As electric vehicles (EVs) rapidly gain ground across Japan, attention is shifting to what happens to their batteries at the end of their life cycles. ...

July 21, 2025 (press release) - Battery Recycling Solutions Ensure proper compliance by working with a trusted battery recycling company LAKEWOOD, NJ, UNITED STATES, July 21, 2025 / ...
