Crime: Bonaire, Saba, and Sint Eustatius are all assessed as low-crime areas as their small populations provide a high level of social control and their police forces are professional and responsive. Those crimes that do occur are generally non-violent, financially-motivated, and opportunistic in nature such as pickpocketing, thefts of unattended bags, and ...

(Sint Eustatius), [3] (Statia),

The market for battery energy storage is estimated to grow to \$10.84bn in 2026. The fall in battery technology prices and the increasing need for grid stability are just two reasons GlobalData have predicted for this growth, with the integration of renewable power holding significant sway over the power market.

Bonaire, Sint-Eustatius and Saba are in the selected group of 30 islands that have been chosen by the European Union (EU) to take part in the "30 for 2030" project. The islands, which were selected after an extensive selection process, can count on intensive support from the EU to realise their ambition to have fully sustainable energy facilities by 2030.
