The project was the biggest in Bosnia and also Herzegovina, but just recently Etmax from Banja Luka received a concession for the building of a 500 MW center. Herzegovina swamped with solar projects. Herzegovina, the part of BiH where Stolac is located, has a great deal of solar projects, mainly as a result of its wonderful solar capacity.

The theme is "Heating Up Sales," and we've teamed up with report sponsor Aurora Solar to examine ways for residential solar installation companies to lower customer acquisition costs, close more leads and overall run a more streamlined, efficient local solar business. Just fill out the form below to access your free report.
