Axxon Energy Limited is an Indigenous Oilfield Service Company incorporated under the laws of the Federal Republic of Nigeria in November 1990. For years now giant strides have been taken and new frontiers broken by Axxon in the Oilfield Equipment Rental and Services to the major players in the upstream sector of the Nigerian Oil and Gas industry.

Each of these applications requires sunny days and the direct radiation of the sun, so let's start with some measures of solar radiation. Botswana has about 300 clear days annually and, as noted above, about 3200 hours of sunshine comparison, the state of New Hampshire in the US, where my home university of Franklin Pierce University is located, has ...

The implementation of the Axxon VSaaS Datacenter solution at Jiangsu Province's gas stations enhanced energy security and improved the efficiency of their operations. With advanced AI analytics and cloud-based accessibility, the gas stations are now better equipped to respond to potential security events and optimize their business processes.
