

Kalmar has introduced its second-generation lithium-ion (Li-ion) battery solution for its range of electrically powered counter balanced equipment: reachstackers, empty container handlers ...

Major segments within the market include lithium-ion batteries, lead-acid batteries, and other emerging technologies like solid-state batteries. Leading players like CATL, BYD, Panasonic, LG Chem, and Samsung SDI are ...

July 2, 2025 Vanadium Redox Flow Batteries: A Safer Alternative to Lithium-Ion Technology As the global push for renewable energy accelerates, the demand for safe, sustainable, and ...

Looking for actionable insights in the Electrolyte For Lithium Ion Battery Market? Our latest report reveals that the market stood at USD 13.2 billion in 2024 and is expected to climb to USD 30.

The global Lithium-Ion Battery Cabinets market is experiencing robust growth, driven by the increasing adoption of lithium-ion batteries in various applications, including electric vehicles, ...

The Clean Energy Frontier is a series of deeply reported stories from reporters around the world shining a light on the supply chains which produce clean energy technologies, such as batteries, EVs, solar panels and wind ...

The lithium-ion battery conductive agent market is experiencing robust growth, projected to reach \$1161 million in 2025 and maintain a Compound Annual Growth Rate (CAGR) of 10.8% from 2025 to 2033. This expansion is driven by ...

The global lithium-ion battery polyolefin separator market is experiencing robust growth, driven by the escalating demand for electric vehicles (EVs) and energy storage systems (ESS). The ...

Lithium-ion technology offers a smarter, more sustainable alternative. Li-ion batteries deliver up to three times the service life of conventional systems, require no maintenance, and eliminate the ...

A team of Chinese researchers has made a groundbreaking breakthrough to revive aging lithium batteries by injecting a “shot” of lithium ions, potentially extending their lifespan from the typical 6-8 years or 1,000-1,500 ...

The global lithium battery hybrid coated separator market is experiencing robust growth, projected to reach \$395 million in 2025 and maintain a Compound Annual Growth Rate (CAGR) of 7.1% ...

The battery industry moves at a fast pace: The articles Battery Technology publishes represent only a fraction of what's happening in this quickly evolving industry. That's the idea behind this curated and regularly updated ...

Argentina is trying to position itself as a global hub for clean energy, attracting private investment in lithium mining while marketing new battery factories in the region. The World Bank has ...

The global lithium-ion battery market for all-electric vehicles (EVs) is experiencing robust growth, driven by the escalating demand for electric vehicles worldwide. Governments' stringent emission regulations and increasing consumer ...

Analyzing Consumer Behavior in Electric Tractor Battery Market Electric Tractor Battery by Application (Light Tractor, Medium Tractor, Heavy Tractor), by Types (Lithium Ion Battery, ...

The Li-ion battery market within the transportation sector is experiencing robust growth, driven by the increasing adoption of electric vehicles (EVs), hybrid electric vehicles (HEVs), and other ...

The global lithium-ion secondary battery market is experiencing robust growth, driven by the burgeoning demand for electric vehicles (EVs), energy storage systems (ESS), and portable ...
