Public safety and security are key priorities in our work. Through the installation of 50,000 solar streetlights, we are lighting up streets, markets, and communities across Burundi.This project not only improves safety but also allows businesses and social activities to continue after dark, boosting economic activity and enhancing the social fabric of communities.

Our solar power projects are helping to reduce Burundi's carbon footprint by replacing fossil fuel-based energy sources with renewable, clean energy. Over the lifetime of our projects, we anticipate a substantial
