Fortunately, even in the wake of President Trump's "Big Beautiful Bill" gutting clean energy incentives, solar and wind power are still cheaper than planet-warming coal and fossil gas.

Transparent solar windows that capture ultraviolet and infrared light are now available in the US, enabling buildings to generate clean energy while maintaining aesthetic appeal.

The cost of professional solar panel installation relies on a range of factors, including the number of solar panels needed. Most single-family homes need 15-19 solar panels, depending on their energy consumption and the amount of ...

California has introduced a total of 25,000MW of new energy means to its grid since 2019, a majority being solar and battery storage. These efforts align with Newsom's plan to add ...

CALIFORNIA --California Senate Energy, Utilities and Communications Committee has amended Assembly Bill 942 to maintain net metering agreements for solar consumers who sell their homes or properties. ...

Through the first five record-setting solar and battery months of 2025, 11.5% of California's potential solar generation was curtailed to maintain grid balance. That's down from 13% over ...

Solar Optimum, a leading force in renewable energy, is proud to announce its monumental achievement of retaining the coveted #1 California Residential Solar Contractor (EPC) ranking ...

For Californians seeking clean energy solutions and relief from rising electricity costs, the Self-Generation Incentive Program (SGIP) offers a compelling opportunity. Since its inception, SGIP has provided significant ...

SACRAMENTO - Governor Gavin Newsom today announced California achieved an historic milestone - the state was powered by two-thirds clean energy in 2023, the latest year for which data is available. California is the largest economy in ...

These adverse state policy impacts exacerbated financing shifts, triggering plummeting demand and an 80% decrease in rooftop solar installation volume. The California Solar & Storage Association reports that the fallout ...
