

The Copperbelt Energy Corporation-CEC has disclosed that it is in advanced discussions with Zesco to roll out solar power plants across Zambia in a move aimed at boosting the country's ...

Zambia has stepped confidently into a new era of energy security and sustainability with the commissioning of the 100 megawatt (MW) Chisamba Solar Power Plant. Unveiled in late June ...

President Hakainde Hichilema is scheduled to officially commission the \$100 million Chisamba Solar Power Plant tomorrow, marking a historic moment in Zambia's journey toward energy ...

JA Solar, a trusted partner in global green energy, played an integral role in electrifying Zambia's largest standalone photovoltaic installation, the 100MW Kabwe solar power plant. Exclusively ...

A target construction date has been set for the Ilute solar PV plant following the signing of an implementation agreement between the government and off-taker Africa GreenCo Group. Nairobi-headquartered independent ...

Zambia's President Hakainde Hichilema on Monday opened the country's biggest grid-connected solar power plant, built by PowerChina, which will supply electricity to copper miner First ...

The 100-megawatt solar facility, confirmed by ZESCO spokesperson Matongo Maumbi, stands as the nation's largest and most ambitious solar project to date. Mr. Maumbi stated that the plant ...

Zambia is poised to inaugurate its largest solar power facility tomorrow, in a landmark move set to redefine the country's energy landscape. President Hakainde Hichilema is scheduled to ...

In addition, CEC is progressing on a 25 MW Global Energy Transfer Feed-in Tariff (GETFiT) solar project, expected to reach financial close by the third quarter of this year. The centerpiece of ...

South-Central African country, Zambia, has inaugurated its largest grid-connected project, known as Chisamba solar power plant, with a capacity of 100 megawatts (100 MW) to be added to the ...

Zambia commissioned a 100MW solar power plant in Chisamba on 30 June 2025 as part of efforts to reduce hydroelectric dependence and support energy diversification. The USD 100 million ...

The Copperbelt Energy Corporation (CEC) has announced plans to triple its solar photovoltaic (PV) capacity to 300 megawatts (MW) by 2027, in a bid to enhance Zambia's energy security ...
