15 ???&#0183; Este jueves se conoci&#243; que EDP Renewables (Edpr), empresa a cargo de los parques e&#243;licos m&#225;s grandes de Colombia, Alpha y Beta, ubicados en La Guajira, se va de Colombia. Le interesa: Anla ...

All communications with LR Renewables were helpful, to the point and professional as were the fitting team that fitted the equipment. Their lead time was only just over a week. The fitting team arrived, discussed our preferences with us, made noise and mess, cleared up mess, told us about the system and what they had done and left us with a ...

LR Renewables were great! LR Renewables were great. Even though my initial installation was postponed by a week I still feel a 5 star review is justified. Two great youn chaos arrived one time and had everything installed and working by lunch time. Great job and will be ordering an extra battery soon! Date of experience: June 25, 2024

This is what I call "real" customer service as I did not buy the system from LR Renewables, and they could of argued that until the issue is proved to be the additional battery bought from them, go back to your original suppliers. Issue has been fixed for 2 weeks now and system is working perfectly. A BIG THANK you Stevie and LR Renewables.

Purchased Growatt 5kw battery LR Renewables. Purchased Growatt 5kw battery from LR Renewables in August 2023. This company is a breath of fresh unlike other companies I got battery quotes from, other companies would harass me every couple of days not allowing me time to decide. LR Renewables tell you the price first unlike other who don't.

It is also incredibly easy to begin your swap over, with LR Renewables offering a streamlined three-step installation process for local and national customers, as follows: Order and pay for your new solar system online; Book an installation date; The LR Renewables team will attend your property to install the product; It's as easy as that.

LR renewables system not fit for purpose. LR renewables installed a battery system approximately 10 weeks ago. The initial installation was hap hazard, with the control panel being mounted at an angle and the main power on/off switch fitted loose from the wall. I was advised by an independent electrician this was extremely dangerous.
