

JA Solar, a China-based manufacturer of PV modules, will supply its DeepBlue 4.0 Pro modules for Croatia's 99 MW Korlat Solar Project, currently under construction. The project is being ...

Trinasolar, a global leader in smart PV and energy storage solutions, signed a Memorandum of Understanding (MOU) with Solaris Energy (Pvt) Ltd., a leading solar distributor in Sri Lanka, to ...

ABB's three-pole DC switch-disconnector is designed for 2,000-V utility-scale photovoltaic power plants, enabling increased power output while reducing electrical balance of system costs by ...

The solar farm, currently under construction, has been developed by China Northern International Group and Shandong Electric Power Engineering Consulting Institute for Croatia's state ...

According to ICSC Chief Data Scientist Jephraim Manansala, this rise in unregistered solar affects how distribution utilities plan and manage the grid. SPECTRUM classifies rooftop solar into ...

Utility-scale solar projects are continuing to advance across the United States. Solar represented 77.7% of new capacity added to the U.S. grid in 2025 through April, according to the Federal Energy Regulatory Commission, and continues ...

JA Solar will provide its DeepBlue 4.0 Pro n-type modules, which have passed multiple international certification and durability tests, including resistance to salt mist, ammonia, sand ...

JA Solar Technology has been selected to provide its DeepBlue 4.0 Pro n-type solar panels for the upcoming Korlat solar power plant in Croatia. The 99 MW facility is being developed by ...

The Role of I-V Curve Tracing in Quality Inspection Quality inspection in utility-scale solar installations is paramount to ensure optimal performance and longevity of the solar assets. I-V ...

JA Solar, a trusted partner in global green energy, will supply its high-performance DeepBlue 4.0 Pro modules for the 99MW Korlat Solar PV Project, now under construction in Croatia. Once ...

JA Solar will supply its high-performance DeepBlue 4.0 Pro modules for the 99MW Korlat Solar PV Project, now under construction in Croatia. Once completed, it will be the country's largest...

JA Solar will supply DeepBlue 4.0 Pro modules for the Korlat solar photovoltaic project (SPP) in northern Dalmatia, Croatia, located 1 km northeast of Korlat village and 7 km northwest of ...

## Croatia utility-scale solar

About SunChase Power Since its founding in 2015, SunChase Power developed a utility scale renewable energy portfolio with more than 11.5 GW of solar and 3 GW of battery storage projects located in MISO South, ...

The International Renewable Energy Agency's latest report finds little change in the global average levelized cost of electricity for utility-scale solar plants year-on-year, while the global ...

What utility-scale solar project developers should know about One Big Beautiful Bill Developers will need to navigate expiring tax credits, stricter "safe harbor" rules and foreign content ...

Section 25D--the one that gives homeowners the residential solar tax credit--is now set to expire for systems installed after December 31, 2025. Section 48E, which helped commercial and ...

The Brechin Castle Solar Ltd, a joint venture partnership between bp (35 per cent), Shell (35 per cent) and NGC (30 per cent), has achieved first electrons from the nation's first utility-scale ...

Trinasolar, a global leader in smart PV and energy storage solutions, signed a Memorandum of Understanding (MoU) with Solaris Energy Ltd., a leading solar distributor in Sri Lanka, to ...

Solar Power World, the leading solar publication covering technology, development and installation, publishes the Top Solar Contractors List annually. The list includes hundreds of solar contractors and developers in ...

Deciding between central inverters and power optimizers for utility-scale solar projects involves careful consideration of several factors including efficiency, cost, and the specific ...

JA Solar is to supply its high-performance DeepBlue 4.0 Pro modules for the 99MW Korlat solar PV project, now under construction in Croatia. Once completed, it will be the country's largest...

To get the year started off right, we're highlighting some of the solar-related concepts that we think are particularly important to understand in 2025. We know that to reach our solar and ...
