

Discussants at a discussion have called for devising a cautious, evidence-based programme for making the national rooftop solar programme more effective and result-oriented. The call came ...

A global developer of grid-scale energy storage projects said it has closed project financing and completed a 10-year offtake agreement for a battery energy storage system (BESS) installation in ...

With a total capacity of 225 MWh, this storage is made of 114 high-tech Energy Storage Systems (ESS) containers designed and assembled by TotalEnergies' affiliate Saft, which develops cutting-edge industrial batteries.

The global energy storage battery cell market experienced unprecedented growth in H1 2025, with shipments exceeding 250 GWh--a 100% year-over-year increase driven by coordinated policy ...

Detailed info and reviews on 6 top Energy & Cleantech companies and startups in Dhaka in 2025. Get the latest updates on their products, jobs, funding, investors, founders and ...

AFP 24 July 2025 at 2:05 pm UTC·1 min read Opener Sahibzada Farhan hit a solid half century to guide Pakistan to an improved total of 178-7 in the third and final Twenty20 international ...

Texas presents a unique combination of a robust energy market and a pressing need for reliable infrastructure. The state has been at the forefront of renewable energy adoption, and battery ...

Lydian Energy has obtained USD 233 million (EUR 198.8m) in project financing to support three battery energy storage systems (BESS), which are currently under construction in Texas and ...

Last week, Lydian Energy secured \$233 million to build three new lithium-ion battery energy storage projects, totaling 550 megawatts (MW), all set to go online by the end of 2025. This ...

California's largest electric utility is continuing its push to establish a net-zero energy system by 2040, finalising an offtake agreement for 1.8GWh of battery storage capacity with Aypa Power.

Energy Vault Holdings Inc has announced the successful close of \$18 million in project financing for its flagship Cross Trails BESS Project, reinforcing its expanding "Own & Operate" strategy ...

Existing battery projects in California and Texas see upside, while hybrid storage bets in the Midcontinent Independent System Operator (MISO) territory and the Southeast face shrinking margins under the revised tax credit rules.

Dhaka texas energy storage

DHAKA, July 14, 2025 (BSS) - Bangladesh has sought to further deepen its cooperation with Nepal in trade, energy, agriculture, education, and tourism as part of Dhaka's commitment to ...

Bangladesh set up its first hydrogen energy laboratory with a small hydrogen production plant in Chittagong, a port city on the south-eastern coast of Bangladesh. The plant was inaugurated by the Bangladesh Council for ...

Focused on sustainability and innovation, esVolta develops, owns, and operates reliable utility-scale energy storage assets across the entire lifecycle - delivering value for utilities, energy users, and investors.

Texas is seeing an increase in cancellations of renewable energy and battery storage projects, meaning a potential slowdown in what has been one of the hottest clean energy markets in the ...

Energy Vault Holdings Inc. has successfully closed an \$18 million project financing deal for its 57 MW/114 MWh Cross Trails Battery Energy Storage System (BESS), now fully operational in ...

Sunrun has teamed with Tesla Electric to offer an integrated solar, battery and retail electricity package for Texas homeowners, combining the Sunrun Flex subscription service with Tesla's ...

Texas, USA - [June,2025] - PotisEdge, a leading innovator in intelligent energy storage systems, has entered into a strategic partnership with U.S.-based SolarMax Technology and Longfellow ...

Yaw: Overhaul EDGE tax credit for energy investment Rays of hope in clean energy as feds forego wind and solar Trade Tracker: Otis Worldwide, Cheniere Energy and RTX The dramatic ...

Students from the Center for Electromechanics at the University of Texas in Austin drove three hydrogen-powered cars from the state capital to Houston and back, a 365-mile round trip, on one fill ...

Solar and wind generated 40.2% of the ERCOT grid's electricity this year through June. When coal plants shut down for unexpected maintenance, solar and wind stepped in, providing about ...

The funding supports the development of three battery energy storage system (BESS) projects in Texas, within the Electric Reliability Council of Texas (ERCOT) power market. Two of the ...
