

Edged energy Suriname

What is edged energy?

Edged Energy is building a gigawatt-scale global network of ultra-efficient data centers with waterless cooling for multi-tenant, hyperscale and build-to-suit customers. Edged is a subsidiary of Endeavour with a platform designed to scale rapidly.

Where are edged energy data centers developing?

We are developing new data centers in Europe, North and South America, Middle East, and Asia. Contact us to discuss opportunities. Edged Energy data centers set a new standard for sustainable technology. Designed for high-density AI workloads and equipped with advanced waterless cooling and ultra-efficient energy systems.

Who are edged energy & Seefried industrial properties?

Edged Energy and Seefried Industrial Properties, Inc. break ground on a new data center campus in Aurora, Illinois with Edged team members Frank Scandariato, Kyle Cawley, Nelly Koch, Victor Elliot; Mayor of Aurora Richard Irvin; and ComEd. This new multi-building campus is set to feature 100 MW of capacity powered by 100% renewable energy.

What is edged infrastructure?

Edged is an infrastructure solution that combines rapid deployment with sustainable operation. Modular components, including zero-water cooling and advanced electrical systems, help to lower costs, minimize the environmental footprint, and enable a new generation of on-demand infrastructure as a service.

MESA, AZ - (August 15, 2024) - Edged Energy, the fast-growing sustainable infrastructure provider, marked a significant milestone yesterday with the start of construction on a new state-of-the-art data center in the Phoenix-area city of Mesa. Strategically located at 8811 E. Warner Road, east of highway 202, Edged Phoenix will be built for high-density Artificial Intelligence (AI) ...

The first mention of Edged came in 2021 when Iberian real estate company Merlin Properties announced it was branching out into data centers in partnership with the new company.. The two companies said in 2021 they were planning facilities across Spain and Portugal in Madrid, Bilbao, Barcelona, and Lisbon. The sites in Barcelona and Madrid will ...
