

Electric vehicle safety iceland

As electric vehicles (EVs) gain momentum worldwide, the future of EV battery technology is more than a matter of performance -- it's a question of safety, sustainability, and global scalability. ...

Multiple 2025 safety rankings identify Iceland as one of the world's safest countries for travelers, especially solo female travelers and influencers, citing its low crime rates and welcoming culture.

Thomas of EV Travel took us on a full day private eco tour the next to last Saturday in June 2025. He picked us up at 9:00 at our hotel (Reykjavik Edition) and asked if we would like to visit the ...
