

Enercon group Palau

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge ...

The M7019 DC to DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 100W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

Enercon Group (Pty) Ltd is a fully Basotho owned, turnkey company that offers... Enercon Group - Pty Ltd, Maseru, Lesotho. 534 likes · 2 talking about this. Enercon Group (Pty) Ltd is a fully Basotho owned, turnkey company that offers a wide range of building services, energy and...

Welcome to ENERCON Group, your trusted partner in waterproofing and energy conservation solutions. With head office in Florida, USA and regional presence in Europe and Middle East, we specialize in supplying top-tier waterproofing ...

Enercon has got its own warehouse with stock spare parts for immediate response and resolution of any issue. Furthermore, the technical support department can solve any issue at any time. +30 231 002 3223; info@enercongroup.gr; Monastiriou Str 137, Thessaloniki, Greece; C??ACT HOURS: Monday to Friday 9am - 5pm; MENU.

Enercon Technologies Europe AG Military-Grade power and networking solutions ITAR & CE. We offer Mil-Grade AC DC, DC DC power supplies, VPX Vita 62, UPS, rugged switches, routers, USB HUBS, media converters and custom solutions for military applications. Our power and communication solutions designed for harsh environments and meet military standards such ...

The M4012 is a rugged, highly efficient, military grade 3U VPX 28V DC to DC PSU card that provides six outputs per VITA 62 and is capable of delivering up to 350W of output power with 9-15 Joules of holdup for MIL-HDBK-704-8, LDC201 requirements. Features include: conduction cooling, reverse battery protection, internal EMI filters. The DC input range is 18-50V per MIL ...

The M7525 DC/DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 800W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

The M3169 is a military AC to DC power supply. This rugged converter accepts an AC input range from 85 to 265VAC, 50/60/400Hz. It provides a single DC output from 3.3V to 300V, up to 1000W with custom outputs available. The M3169 is based on the popular M169 AC to DC Power Supply for airborne, UAVs and ground mobile applications. Designed as an IP67 unit (to withstand ...

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and types of Ethernet and fiber connections.

M9547 series is a 16-channel power distribution unit, designed for airborne and ground applications. It distributes 28VDC through overload and short-circuit protected switches. The M9547 series supports Ethernet communication to control, configure and ...

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a ...

The MILTECH 918 is an 8 port ethernet switch which can be remotely managed to deliver Layer 2 switching to optimize on-vehicle communications traffic prioritization between IP-based devices such as communication and navigation systems, sensors, video cameras and targeting systems.

The ENERCON PRA Group provides expert reliability and risk-related services, with decades of experience in new PRA development, model upgrades, hazard assessments, Engineering Change (EC) evaluations, and industry peer and ...

Enercon Technologies Ltd is a leading designer and manufacturer of military power, PDU and rugged networking solutions for a wide variety of military applications, including avionics, UAV's, aircraft, C4ISR, electronic warfare, ground vehicles, radar arrays, missiles and anti-missile defense, surface ships, submarines and more. We offer Mil-Grade power supplies, power ...

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and ...

The MILTECH24FO is a small MIL-STD, fully managed military grade network switch with 24 1Gb fiber optic ports. It can be remotely managed to optimize communications and prioritize critical information traffic. Advanced network feature, include switching protocols, virtual LANS (VLANS), traffic prioritization (QoS), and bandwidth aggregation are standard.

M1012 is a military grade rugged 1.25kW/1.5kVA full double conversion on-line 1U UPS. It has internal

Enercon group Palau

modular design, which allows it to be easily tailored to almost any customer requirement, while delivering stable, regulated and protected output voltage for the load. Several UPS units can be connected in parallel to support higher loads (up to 6 units for 7.5kW/9kVA total), or in 3 ...

A leading Engineering & Environmental services firm. ENERCON provides professional engineering and environmental services to customers in the power generation, power delivery, and related markets, including nuclear, renewable and conventional power generation, electric transmission and distribution, distributed generation, battery energy storage, EV infrastructure, ...
