We are Consumer Energy Solutions (CES) and we install insulation systems, heating systems and renewables into homes throughout the UK. We specialise in using government backed grants to get your home transformed into a more energy efficient household with no cost to yourself.

First, arranging a home energy audit can identify areas for improving energy efficiency. Upgrading to high-efficiency appliances, identifiable by the Energy Saving Trust Recommended label or EU energy labels, is a commendable step. In the UK's climate, enhancing loft and wall insulation is essential for reducing heating expenses.

In addition to commercial energy solutions, you can compare and save on domestic energy through our easy-to-use service. We also offer a range of products including EV charging ports and card terminals. We make switching energy providers easy with excellent value energy contracts for domestic and business gas and electricity.
