

Updated 1st July 2025 - The Red Sands Battery Energy Storage System (BESS), set to be Africa's largest of its kind, has officially reached commercial close. Developed by Globeleq, which is 30% owned by Norfund, in partnership with ...

(Editor's Note: This story originally posted July 2024. With the upcoming July 4 holiday celebrating our U.S. independence, we thought we would repost this to highlight growing American energy independence). Long ...

Zambia has signed a landmark agreement with China's Fujian Xiang Xin Corporation to build a \$1.1 billion crude oil refinery, aiming to drastically cut fuel imports and transform the country ...

This initiative comes at a pivotal time for West Africa, as countries increasingly seek to localise value chains, strengthen energy resilience, and attract private capital into refining, storage, ...

By Standard Bank Standard Bank has supported the financial close of the Red Sands Battery Energy Storage System (BESS) project. It is the largest standalone BESS project in Africa to ...

The visit focused on XIHO Energy's core product line: the main product customized battery pack covers multi-specification integrated systems such as home energy storage and industrial and ...

The Cabo Verde's Phase II project is designed to improve power system resilience and sustainability in Cabo Verde, a small island nation with a high dependence on imported fossil fuels. It will ...

Nova Scotia's Power Woes: More Than Just an Outage - A Look at Rural Resilience and Grid Vulnerability Cape Breton, NS - Thousands of Nova Scotia residents endured a weekend of ...

Since 1975, Cape Verde has overcome the challenges related to its island geography, the scarcity of its natural resources, and climate instability, to build a modern, resilient, and...

Crafting Resilience How to Design a Battery Energy Storage System Emprender el proceso de dise&#241;o de un sistema de almacenamiento de energ&#237;a en bater&#237;as (BESS) puede parecer ...

Cybersmart, one of South Africa's leading internet and cloud service providers, has partnered with Hexion, a next-generation enterprise data storage company designed, built, and operated in ...

Farmers and agri-businesses across the Western Cape are encouraged to attend a series of free green economy help desks this July, aimed at improving on-farm energy and water resilience.
