

Eritrea electrical cupboards

The Eritrean Electricity Corporation aims at improving the production capacity of two main stations in the inter-connected grid, namely Beleza and Hirgigo, which serves a number of major cities and surrounding rural areas. ... 3x 8 MW medium speed diesel generating sets with the associated mechanical and electrical equipment; Site works ...

Thanks again guys, our FRAs state FD30s should be used for electrical intake cupboards. However this has been questioned by our term contractor who state they should be FD60s. Hence my query. Despite an exhaustive search I cannot find anything which explicitly refers to electrical intake cupboards and so I am of the opinion that FD30s are correct.

Ethiopia(excludes Eritrea) exports of Electrical apparatus; parts (eg boards, panels, consoles, desks, cabinets, other bases), for goods of heading no. 8537, not equipped with their apparatus was \$12.29K and quantity 228Kg. We have a block of flats where the electrical cupboards are within a communal area and have to be up-graded to meet FD30 fire rating following a Fire Risk assessment. Am I right that we can internally line the insides of the cupboards with boards such as Supalux and this would suffice, or do we need to clad the outside as well.
