Which countries install solar panels in Finland?

Austria, Denmark, Estonia, Fi... List of Finnish solar panel installers - showing companies in Finland that undertake solar panel installation, including rooftop and standalone solar systems.

Does Finland have solar power?

There is plenty of solar energy available in Finland, and solar power is predicted to be one of the lowest-cost electricity production methods in the coming years.

Why should you choose solar Finland?

Solar Finland and its subsidiaries with strong long-term background are experts in all aspects of solar energy. Our extensive know-how and experience of over 40 years make it possible to develop in different areas making our products and services competitive in the solar energy markets both domestically and abroad.

Who makes Salo solar panels?

Salo Solar designs, sells and builds comprehensive turnkey solar electricity systems. Salo Tech manufactures and sells high-quality Finnish SALO solar panels. Salo Automation designs and builds production lines and machines meant for the production of solar panels. Salo Energy builds solar parks and invests in local solar electricity.

Where should I buy solar panels?

We recommend acquiring your panels from a reliable company that is sure to remain in business for the entire lifecycle of your solar power system. A good salesperson will answer any use-phase questions you may have, handle your warranty issues, if necessary, and enable you to expand your system and add new products to it.

Finland has several aces up its sleeve: solar panels produce more efficiently at cool temperatures and in clean, dustless surroundings. Meanwhile, cutting-edge solar innovation is under way at dozens of export companies and places such as Aalto University, Lappeenranta University and VTT Technical Centre.

You can order solar power plant for your home again in January 2025. If you have any questions regarding solar power plants, please contact our customer service by email at [aurinkoenergia@helen](mailto:aurinkoenergia@helen) or by phone at 09 617 8065 (weekdays 8-16, local call rate).

Best solar panel with a power bank. A powerful extra battery with solar cells. The power bank is charged just as easily via a wall socket as with the large foldable solar panel which is divided into four solar panels. If you are out on a hiking trip, you can easily hang the power bank up with the supplied carabiner.
