

# Fuel storage systems Ltd Ethiopia

What services does fuel storage systems offer?

Fuel Storage Systems LTD offer integrity testing for fuel storage tanks and pipework systems utilising calibrated precision ATEX approved testing equipment. We offer a wide variety of fill point cabinets keeping your installation compliant with the oil storage regulations. Manned or unmanned tank entry. Above or below ground storage tanks.

Who are fuel storage systems Ltd?

Fuel Storage Systems LTD are delighted to announce that we have been shortlisted as finalists for the prestigious APEA Awards (Association of Petroleum and Explosive Atmospheres) for the Best Non-Retail Fuel System installation of 2022. Our nomination was for our installation for Premier Marinas at the new Noss Marina

Why should you choose fuel storage systems Ltd?

Whatever your fuel system installation and maintenance requirements, they will be well catered for when you make Fuel Storage Systems LTD your first choice of contractor.

Who are fuel storage systems electrical engineers?

Fuel Storage Systems electrical engineers are COMPEX EX01-04 trained and are qualified to provide a Hazardous Area Electrical Installation service. These highly skilled operatives can undertake installations of electrical circuitry and equipment within potentially explosive atmospheres.

Do you supply steel banded bulk fuel storage tanks?

We supply steel banded bulk fuel storage tanks which can accommodate any customer request, including one-off and bespoke requirements. All our fuel storage tanks are constructed in mild steel to BS EN/10 025 & manufactured to BS799 Part 5, which are fully banded to comply with Environment Agency & DEFRA Oil Storage Regulations 2015.

How accurate is a fuel storage tank gauging system?

The accuracy of a fuel storage tank gauging system can make a huge difference. Take as an example a typical 40,000 litre capacity fuel storage tank, the reading on a gauge with an accuracy of +/- 2% could be as much as 800 litres in error when the fuel tank is full.

We supply steel banded bulk fuel storage tanks which can accommodate any customer request, including one-off and bespoke requirements. All our fuel storage tanks are constructed in mild steel to BS EN/10 025 & manufactured to BS799 Part 5, which are fully banded to comply with Environment Agency & DEFRA Oil Storage Regulations 2015.
