Adani quietly signed memorandums of understanding to build 500 megawatts of renewable energy projects in Pooneryn and Mannar, other northern districts close to India, according to local media reports confirmed months later by a tweet from ...

This becomes especially relevant as Module technologies keep on changing very fast and warranty support for older technology modules may or may not be available with the EPC vendor. Also many inexperienced solar companies have not been able to honor warranties as their modules were not manufactured in India but procured from China.

"In my book, we have no greater asset than the quality of our intellectual capital, and no greater priority than the growth and retention of our vast pool of talent" - Sonika Gautam - Chairman At Gautam Enterprises Energy Solution Group, we recognize the critical role that our people play in the success and growth of each of our businesses.

China's embassy in Colombo later confirmed the end of the solar projects on social media. In early 2022, Mr Adani quietly signed memorandums of understanding to build 500 megawatts of renewable ...
