Solar Ambition Europe, filiale du groupe Green Enesys, développeur européen d'énergies renouvelables, s'associe à Viridi pour co-développer neuf centrales solaires en Italie et Espagne, représentant 82,2 MWc. Cette levée de fonds vise à réunir 3,3 millions d'euros. Les investisseurs bénéficient d'un taux d'intérêt de 9 % sur une période de trois ans.

Chi è Green Enesys. Green Enesys Group GmbH è uno sviluppatore internazionale, fondato nel 2009 con sede legale in Svizzera, impegnato nella realizzazione di impianti per la generazione di energia da fonti rinnovabili tradizionali --come il fotovoltaico-- ed innovative --come l'idrogeno-- e nello sviluppo di soluzioni e progetti per l ...

Despite the lack of global commitment to decarbonize maritime, there is a movement on a regional level, like in the European Union. The EU, as part of its 2050 net-zero target, has been more ambitious in setting emissions reduction and clean fuel targets for maritime, by introducing several new regulations, out of which three are quite important and will have long-term effects ...

The Santa Barbara Power Plant of Enel has implemented an advanced Thermal Energy Storage (TES) system executed by our JV partner Brenmiller. The patented bGen system enhances the power plant's flexibility by enabling energy shifting and optimizing power generation.

green enesys. Opportunities. Solutions. Projects. About. Blog. Danewitz. Germany. Combination of Agri-PV and Ground-mounted PV power plant development. Project. The Danewitz project comprises two PV installations: a ground-mounted PV plant with a capacity of 40 MWp and an Agri-PV partly including semi-transparent modules plant with a capacity ...

GEG Integrated Solutions, part of the Green Enesys Group, focuses on decarbonizing industries through innovative renewable energy solutions. In collaboration with Brenmiller Energy, a leading manufacturer of thermal energy systems, we have established a joint venture aimed at decarbonizing heat applications. Green Enesys Group is an international developer of ...

Green Enesys is pleased to announce that it is one of the founding members of H2Global. The H2Global program was created recently as part of the national hydrogen strategy of the government. It is designed as a market-based tool in which an intermediary will purchase green hydrogen and related products at the lowest price at auction, and then ...
