

Guatemala Laniakea energy

Where is Laniakea energy made?

Look no further than our factory! Laniakea Energy offer top-of-the-line products that are sure to meet your needs. Our factory is a original Chinese factory that produces high-quality solar and air source products. Plus, we have a branch and warehouse in Germany, so you can get the products you need in a timely manner.

What products does Laniakea offer?

From residential to commercial markets, Laniakea offers a full range of solar mounting systems, mounting brackets, inverters, and air source heat pump. With a strong engineering and design team, Laniakea also provides custom solutions to meet the unique needs of its customers.

What is Guatemala's energy source?

This page is part of Global Energy Monitor's Latin America Energy Portal. In 2018, Guatemala derived 57.43% of its total energy supply from biofuels and waste, followed by oil (29.54%), coal (7.68%), hydro (3.22%), and other renewables such as wind and solar (2.12%).

How much electricity does Guatemala have?

As of 2020, Guatemala had 4110 MW of installed electrical capacity, based primarily on hydro power (38.38%), fossil fuels (30.36%), and biomass (25.20%). Other renewable sources represented a much smaller percentage of capacity, including wind (2.61%), solar (2.25%) and geothermal energy (1.20%).

Does Guatemala produce natural gas?

Guatemala does not produce any natural gas. Guatemala consumed 89,000 bbl/day as of 2016 of refined petroleum products. Oil and gas is imported primarily from the United States and Mexico.

How is electricity regulated in Guatemala?

Guatemala's electricity industry is regulated by the General Electricity Act (Ley General de Electricidad) and the CNEE (Comisi3n Nacional de Energ3a El3ctrica). The DGH (General Direction of Hydrocarbons) regulates the hydrocarbon sub-sector.

Our logistics services provide multiple carrier options, including DPD, GLS, UPS, DHL and more, ensuring reliable delivery across Europe. Additionally, with container shipments from China to Germany taking place every two weeks, we are able to offer both cost-effective and expedited delivery to our customers.
