

Guernsey harbin coslight power

Which power supplies are made by Harbin coslight?

The DC power supplies, produced by Harbin Coslight Power Co., Ltd., include 220V DC high-frequency switching power supply systems, 48V and 24V high-frequency switching DC power supply systems for telecommunication, charge and intellectual protection and control systems for electric bicycle-based lithium iron phosphate batteries,.

Who is Harbin coslight power?

Harbin Coslight Power Co., Ltd. was founded in 1998 with a registered capital of RMB 231,023,000. Up to the end of 2007, its total asset has reached RMB 960,000,000. Presently, it covers a land area of over 170,000 sq.m and the construction area is more than 100,000 sq.m.

How many subsidiaries does Harbin coslight have?

As one of the "Top 100 Electronic Enterprises in China", the Group now has 21 subsidiaries such as Harbin Coslight Storage Battery Co., Ltd. and Harbin Coslight Power Co., Ltd., 13 overseas subsidiaries or offices in Russia, Germany, Britain, Italy, Turkey, the United States, Canada, etc., and a postdoctoral workstation and an institute.

Does coslight provide a matching battery system for HEV buses?

Coslight has provided 40 Ah/345V matching battery system for HEV buses of B Bus Manufactory, the energy saving effect is especially remarkable, and B Bus Manufactory has signed commercial order with us. The order will be in service of Guangzhou Asian Games.

Will coslight provide a matching battery system?

According to the agreement, Coslight will provide matching battery systems for the existing types of vehicles and new types of vehicles of F Vehicle Co., Ltd., both parties will cooperate at the aspect EV car development and technology communication, electric car industrialization, special electric vehicle industrialization and so on.

Does coslight provide vehicle batteries?

At present, Coslight has cooperated with many automobile manufacturers and provided vehicle batteries for them. Since 2006, Coslight has researched and developed Li-ion vehicle battery. In 2007, FP1690135A-12AH and FP59143255P-100AH Li-ion battery are put into production in batch.

Harbin Coslight Power Co. General Information Description. Manufacturer and supplier of nickel-hydrogen and lithium-ion battery headquartered in Harbin, China. The company's product offering includes electric iron-lithium batteries for electric tools, electric bicycles, electric motorcycles, electric vehicles and other electric products, iron-lithium backup batteries, communication ...

As one of the "Top 100 Electronic Enterprises in China", the Group now has 21 subsidiaries such as Harbin Coslight Storage Battery Co., Ltd. and Harbin Coslight Power Co., Ltd., 13 overseas subsidiaries or offices in Russia, Germany, Britain, Italy, Turkey, the United States, Canada, etc., and a postdoctoral workstation and an institute ...

The former company, know as Shenzhen subsidiary of Harbin Coslight Power Co., Ltd., has been dedicated in research and development and production of Li-ion battery from 1997 with the main products of cell phone batteries, Bluetooth headset batteries, digital camera batteries, Li-iron batteries for electric vehicles and so on.

Harbin Coslight New Energy Co., Ltd. (Cospowers for short) is a national high-tech enterprise focusing on the development of the lithium battery energy storage industry. The technical team has more than 20 years of experience in the lithium battery industry, and has R& D and manufacturing capabilities from lithium-ion material development, cell production, energy management ...

GYFP-T Series LFP Battery System is high-tech product, which is developed independently by HARBIN COSLIGHT POWER CO., LTD. It has outstanding advantages in certain occasions of telecom power supply field, such as clean energy, environment friendly, small in size, light in weight, long cycle life, good performance in high temperature, good power ...

The good service is an important competitive advantage for Coslight power. 1) Service Quality and Attitude--Best and Speedy ... In the splendid city, Harbin, the company founded Coslight users training center with the first class teaching and living facilities. Each day, the center has to receive the Coslight users from across the country. Up ...

Harbin Coslight Power Co., Ltd. is a company that provides Electronics and more. Harbin Coslight Power Co., Ltd. is headquartered in China Heilongjiang Sheng. Harbin Coslight Power Co., Ltd. was founded in 1999. Harbin Coslight Power Co., Ltd. has a total of 75 patents

CosLight - SHPS type solar energy, oil, electric hybrid power supply system in DHPS oil electricity hybrid power system based on 4.5kw solar power supply unit, for the sunny and no electricity or power outage frequency region of the base station power supply, both economic and reliable and safe environmental protection, is the best base station ...

In March, 2009, Coslight has invested to build Vehicle battery Industry Park. The industry park is located in Harbin Development Zone, which land area is 110, 000 m² and building area is 67,000 m². The company is actively searching lithium mineral resources and currently owns lithium mine in Henan Province..

or with frequent power failures, where have many disadvantages such as low service efficiency, high maintenance cost and short service life. The new generation of Coslight Hybrid Power System System() is one of the best Hybrid Power Solution with efficient PMG DC DG, DC-DC converter and long service life LFP battery. System Characteristics

Harbin Coslight Power Co., Ltd. is one of the core subsidiaries of the group, with its production capacity of lithium batteries researched and developed by it reaching up to 6GWh, and provides supporting devices for over 10 auto ...

Harbin Coslight power plant was established. 1988. China"s first valve-controlled sealed lead-acid battery manufacturing enterprise. Cospowers Technology Co., Ltd. Address:No.28, Dongqi Road, Dongying City, Shandong Province, P.R.C. TEL:0546-7768891. E-mail:dysales@cospowers .

Main Product & Communication Power Supply : The communication power supply is divided into two types 1. Composed of 30A rectifier 48300A/30 system 2. Composed of 50A rectifier 48600 A/50 system Main system characteristics 1. The rectifier module adopts active power factor compensation technology, with the power factor value of 0.99. 2.

Main Product & GYYZ Emergency DC Power Supply : I. Product introduction The field DC power supply of transformer substation is the energy foundation of all the equipments, the failure of DC equipment will result in power off of all the monitoring and protection equipments on the site, the whole protection equipment will fail and cause serious harmful consequence.

Harbin Coslight Storage battery Co.,Ltd : Address: No. 68, Dianlan Street, Xuefu Road, Nangang District, Harbin City : Tel:0451-86677970 : Fax:0451-86678032 : Post code :150086 : Harbin Coslight Power Co.,Ltd : Address:No.8 Taihu South Street Yingbin Road Center Zone, Daoli District, Harbin : Tel:0451-86649582 Fax:0451-86649611

China supplier of Hybrid Power System, Smart Saving Fuel, Long-Life Lithium Iron Batteries. Coslight Technology International Group Co., Ltd. was established in 1994, and listed at Hong Kong United Stock Exchange in 1999. As one of the "Top 100 Electronic Enterprises in China", the Group now has 21 subsidiaries such as Harbin Coslight ...

Harbin Coslight Power Co., Ltd.,the key subsidiary of the Coslight Technology International Group Co., Ltd.,which leading product is lithium-ion batteries .The production capacity per year is that liquid batteries may reach 80 million pieces, polymer li-ion battery may reach 30 million pieces, and the iron-lithium batteries may reach 0.4 million KVAh.
