

While Guinea-Bissau's chronic instability has long historical roots, the immediate cause of the current impasse stems from the 2019 presidential elections. Domingos Pereira, the candidate of Guinea-Bissau's leading political force, the African Party for the Independence of Guinea and Cape Verde (PAIGC), won the first round of balloting.

Publication date: 2022 Author: ALER Description: The Bambadinca Community Renewable Energy Access Program - "Bambadinca Sta Claro" promoted the construction of a mini-grid in the village of Bambadinca, supplying electricity from a hybrid photovoltaic power plant. This power plant has a peak power of 312 kWp, a battery bank of 1.1 MWh and diesel generators as backup.
