Their resilience and determination not only uplift their families but also contribute to ...

Britney Gengel was a compassionate and spirited 19-year-old who set out on a journey of hope to Haiti with a dream of making a difference. Tragically, she lost her life in the devastating 2010 earthquake, but not before expressing her heartfelt desire to open an orphanage for the children she had grown to love. Her last text message that was sent to her mom 3 hours before the ...

Only 38.5% of the Haitian population have access to electricity. In many rural parts of Haiti such as Durissy, less than 1% of the families have access to electricity. Learn more Brighten Haiti's initiatives to bring solar energy to Haiti.

maintenance, as well as future design and build projects, which led to a phone call between Allan Skodowski, Managing Senior Vice ...

Through our partner churches in Haiti, Bright Hope will supply farmers with seeds for their highest performing crops, such as corn, beans, peanuts, pigeon peas, black beans, and plantains. In addition, farmers will receive training on crop cultivation and seed preservation so they can save seeds after harvest to plant the following season.

Bright Hope's partner churches in rural Haiti have created Savings Groups that offer financial education, friendship and a place for members to save their earnings. Within each self-governing group, members contribute weekly to the group's savings. In addition, Bright Hope adds capital to increase their ability to provide personal loans.
