Why did Zola electric join Haiti green solutions?

Energy technology company ZOLA Electric announced the partnership with local renewable energy pioneer Haiti Green Solutions for the deployment of its flagship energy technology platform to help address the energy crisis in the country, where the vast majority of its 12-million population lack access to reliable and affordable energy.

Does Haiti have electricity?

Only a quarter of the Haitian population has access to electricity. The national power utility company, Electricit#233; d'Ha#239;ti (EDH), predominantly serves the Port-au-Prince metropolitan area, and a limited number of isolated power grids connect the rest of the country. Many rural Haitians have limited alternatives to power their homes.

Does Haiti have a power grid?

The national power utility company, Electricit#233; d'Ha#239;ti (EDH), predominantly serves the Port-au-Prince metropolitan area, and a limited number of isolated power grids connect the rest of the country. Many rural Haitians have limited alternatives to power their homes. "There's always been a shortage of electricity in the country," says Anne.

Why is Zola launching in Haiti?

The launch in Haiti is also ZOLA's first time tapping into the North American market. The economy in Haiti has a heavy reliance on fossil fuel energy which is entirely imported. But rising energy prices caused by the recent global social and economic turmoil have hit the domestic energy market hard.

What does USAID do in Haiti?

Through the Haiti INVEST activity, USAID works with Haitian business advisory services firms, like GEKA, one of the six transaction advisors participating in the investment facilitation program to help local businesses like ESG Group prepare to solicit and access capital to expand their operations.

How much does diesel cost in Haiti?

Today, Haiti sees some of the highest diesel costs in the world, peaking at \$15 per gallon. Public facilities such as schools and hospitals relying on power from diesel-fuelled generators can even hardly maintain regular operations.
