

Hanoi energy storage for microgrids

Microgrids are no longer a niche concept; they're becoming essential infrastructure. As the vulnerabilities in the electrical grid grow more apparent, microgrids offer a resilient, ...

The microgrid energy storage market is experiencing robust growth, driven by the increasing need for reliable and resilient power systems, particularly in remote areas and regions with unstable ...

Community microgrids combine individually owned solar, batteries and other energy generation or storage systems located at facilities that have high reliability or "uptime" needs, such as ...

Moreover, technological advancements in battery storage, including improvements in lithium-ion and emerging solid-state battery technologies, contribute to enhanced energy density, longer ...

On June 24, the China-Vietnam Energy Storage Industry Seminar, co-hosted by the Ministry of Industry and Trade of Vietnam (MOIT) and the China Energy Storage Alliance (CNESA), was ...

The Ministry of Industry and Trade (MOIT) has just sent a document to the People's Committees of Provinces, cities and Electricity of Vietnam (EVN) to implement Government Decree 80/2024/ND-CP, dated July 3, 2024, on the ...

An increasing number of smart devices controlling loads opens a potential pathway for false data attacks which could alter the loads. The presence of energy storage with its ability to quickly ...

Microgrids offer a new approach to power generation and distribution, resulting in unprecedented flexibility and resilience. These localized electrical networks operate independently or in ...

Oregon lawmakers have passed a pair of bills to enable "microgrids" within the larger power system. Microgrids are essentially local "islands" of energy generation and storage systems ...

On the second panel: Vietnam's energy storage market: Business opportunities and collaboration potential, we believe that some challenges remain but there is a path forward for BESS. C& I ...

Last week, our Managing Director Thomas Jakobsen joined two high-level panels at the annual Solar & Storage Live Vietnam 2025, sharing practical insights into Vietnam's energy sector ...

Solar & Storage Live Vietnam brings together the people driving real progress - it's where action meets opportunity. This year's edition is our biggest ever and we can't wait to welcome ...
