Petrovietnam is actively involved in the supply chain for offshore wind power equipment, including foundations and substations for international projects. A series of energy transition projects. ...

Vietnam takes a bold step forward in its clean energy transition as the country's largest renewable energy event, Solar & Storage Live Vietnam 2025, returns to Ho Chi Minh City on 9-10 July ...

Last week, our Managing Director Thomas Jakobsen joined two high-level panels at the annual Solar & Storage Live Vietnam 2025, sharing practical insights into Vietnam's energy sector ...

& lt;jats:p& gt;Low dimensional transition metal carbide and nitride (MXenes) have been emerging as frontier materials for energy storage and conversion. Ti<sub>3</sub>C<sub>2</sub>T<sub>x</sub> was the first MXenes that ...

Petrovietnam is studying a large-scale eco-energy and industrial center project in the country which will be a vital driving force of the group's future development and a matter of survival, said chairman Le Manh Hung.

The parties shared latest developments in their power-related initiatives. Vietnam Electricity (EVN) and South Korea's LS Electric recently held discussions to look into possible programmes for ...

On the second panel: Vietnam's energy storage market: Business opportunities and collaboration potential, we believe that some challenges remain but there is a path forward for BESS. C& I ...

The Vietnam Storage Tester Market is witnessing accelerated growth driven by rising demand for energy-efficient and high-performance storage testing solutions across various industrial and ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

The growth and development of the Vietnam Electric Thermal Energy Storage Technology Market are influenced by several dynamic factors, including regulatory frameworks and investment ...

The partners will jointly deliver a grid-scale battery energy storage system in Houston, Texas. Developed by independent power developer SMT Energy, this 371MWh project utilizes Trina ...

Solar & Storage Live Vietnam is the country's largest clean energy event and your one-stop shop to take the pulse of one of the world's fastest growing energy markets.
