What is Heimdall power?

Heimdall Power's vision is to optimize power grids globally. Since 2016 our innovative technology has optimized grid utilization with state-of-the-art software and unique hardware technology. We continue to innovate and improve, creating value for customers, shareholders and society. Have any questions? Talk with us directly using LiveChat.

What can Heimdall power do for You?

Increased insight from Heimdall Power's solutions gives the grid companies new opportunities to optimize the utilization of the power system's overall resources - the cost savings are significant, security of supply increases and we can more quickly connect new renewable power generation and new green industry to the power grid.

How does Heimdall power's grid monitoring technology work?

Heimdall Power's grid monitoring technology works by combining the best of both software and sensors to deliver high accuracy at a low cost. Virtual sensors can be set up in minutes, while physical sensors are easily installed on live power lines using a hot stick or our unique autonomous drone system.

Where is Heimdall power located?

Heimdall Power is a company that streamlines the use of electricity in a growing market for the Internet of Things. Where is Heimdall Power's headquarters? Heimdall Power is located in Oslo, Oslo, Norway. Who invested in Heimdall Power? Heimdall Power has 6 investors including Lyse Group and Sarsia Seed Management.

What is Bayernwerk Netz Heimdall power?

Expanding Collaboration With Bayernwerk Netz Heimdall Power's vision is to optimize power grids globally. Since 2016 our innovative technology has optimized grid utilization with state-of-the-art software and unique hardware technology. We continue to innovate and improve, creating value for customers, shareholders and society.

Who owns Heimdall power?

Marie Høivig, Anders Skjølund, and Brage Johansen are the founders of Heimdall Power. Who is the CEO of Heimdall Power? Jørgen Festervoll is the CEO of Heimdall Power. Where is Heimdall Power headquartered? Heimdall Power is headquartered in Oslo, Norway. What is the size of Heimdall Power? Heimdall Power has 45 total employees.

Heimdall Power | 8,617 followers; LinkedIn. We give you full visibility of your entire grid system | In Norse mythology, Heimdall is the all-seeing, all-knowing watchman who guards Asgard, the home of the gods. He possesses extraordinary abilities to see for hundreds of miles, hear the faintest of sounds, and
