Without a home battery, the solar energy produced in the daytime would be wasted. A home battery allows you to store solar energy and use it whenever you need it. Cut back on your electricity bills. By fully using your solar energy, you will significantly cut back on ...

My inverter offers 2A-60A, the generator gives continuous 3200W/230V. My inverter is 3KW, and I would like to run the generator when I use water heater which consumes 2kw, in order to save the battery energy, and hopefully to refill them. So the generator would still have around 1000W for additional battery charging.
