Indrivetec AG comprises a team of highly qualified employees with a passion for technology and engineering. The experienced team which has been working in the sectors of development, production, commissioning and servicing for over 25 years now, of power electronics, drive systems or electrical energy storage systems or whether you want to construct a roller

INDRIVETE AG "bricks up" flexible energy storage systems "RIK" Flexonvert-PS-1500 attery Inverter Outdoor Technical data SWISS engineering Technical data are subject to change, even for reasons on country-specific deviations. Indrivetec assumes no liability for errors and omissions. AG -71 -H-- 15 37 00 -c - m

Indrivetec linear motor drives - complete, state-of-the-art systems for dynamic and powerful movements. Indrivetec linear motor drives are complete, modern systems. We develop and produce them for industrial applications, traction and roller coasters amongst other applications.

Indrivetec AG participated for the first time on the Abu Dhabi Sustainability Week in the United Arab Emirates and would like connect energy storage systems with photovoltaic installations in the middle east future market. At the Swiss joint exhibition stand SWISS Pavilion, the large number of visitors were highly interested of the energy ...

Wir, die Indrivetec AG, sind ein dynamisches Team mit flacher Hierarchie und kurzen Entscheidungswegen. Wir konzipieren, entwickeln und produzieren leistungselektronische Ger#228;te und Komponenten. Dazu geh#246;ren elektrische Energiespeicher, Antriebsfrequenzumrichter und komplette Linearmotorantriebe. Unser Hauptsitz ist in Z#252;rich Oerlikon, wo ...

Indrivetec services, from the idea to the product optimally thought-through, technically and economically. Special requirements and situations require unique solutions. That is why Indrivetec AG develops, designs, produce and tests electronics, power electronics, drive systems and energy storage systems for individual projects.

Indrivetec ag Jordan

Indrivetec linear motor drives are complete, modern systems. We develop and produce them for industrial applications, traction and roller coasters amongst other applications. The linear motor systems contain permanent-magnet synchronous motors, a sensor system, power distribution, drive frequency converter and optional energy storage systems up ...

For a maximum productivity, Indrivetec offers its customers a wide range of servicing. The service teams keep devices, installations and systems in a good shape. Thanks to preventive maintenance and servicing, a rapid repair is ensured. Wherever possible, we use remote maintenance in order to keep service cost low

The energy storage solutions of Indrivetec aroused interest of the visitors of this year's ees in Munich, with over 450 exhibitors, 45,000 m3 of exhibition space and around 26,000 visitors from 93 countries, the event was held for the first time in over two years.

The Indrivetec AG company comprises a team of highly qualified lateral thinkers with a passion for engineering. The experienced team which has been working in the sectors of development, production, commissioning and servicing for over 25 years now, listens precisely to what you have to say. Because you can develop customer-focussed solutions ...

Indrivetec AG : ENEFIIN and Indrivetec AG, in June 2021, signed a business development partnership for the Italian, Spanish and Polish markets for Indrivetec's energy storage systems and services. Indrivetec specialises in development and manufacture of high-performance energy storage inverters and DC/DC converters.

Indrivetec specialises in development and manufacture of high-performance storage inverters and DC/DC converters for Supercaps and batteries. Our energy storage systems can be used for charging or discharging the storage media of power supply systems or interconnected systems in addition to isolated networks, which supply electrical power to areas which...
