Before joining Industrial Sun, Sabins co-founded and served as Chief Development Officer at Solar Proponent, where he led the development of 6GW of solar and 6GWh of energy storage projects in ERCOT. He also held a leadership role as U.S. General Manager at Energiekontor and led mixed renewable energy projects at RES Americas.

However, it is not all bad news. Spain is one of the countries that counts on the greater renewable potential in Europe, especially solar energy: Spain enjoys 300 days of sunshine a year with solar radiation much higher than the European average.. This energy can be used to lower the energy bill of the target industry, and can
