

Inspired energy battery Ireland

What are inspired energy batteries?

The problem: Inspired Energy batteries were born out of demand from original equipment manufacturers (OEMs) to reduce the time and cost needed to find a suitable battery for their application. The solution: Pre-engineered Lithium Ion standard battery packs in a common form factor.

Does inspired energy offer SMBus compatible battery & chargers?

Inspired Energy offers a line of SMBus Compatible STANDARD BATTERIES for device manufacturers looking for a quality battery solution in a common form factor. We can also create a full custom battery & charger design for those applications where an "off-the-peg" design will not suit.

Who is inspired energy?

Inspired Energy focuses on the design, development, tooling, certification and production of portable power electronic products and systems including battery design, electronics design, battery chargers, circuit board manufacturing, and pack assembly from our single manufacturing facility located in Newberry FL, USA.

Are inspired energy batteries UL/CSA 62133 certified?

In 2018, Inspired Energy decided to qualify many of their products to meet IEC 62133:2012 (a unified international safety standard for rechargeable batteries) and UL/CSA 62133, which can be identified by the 'QE' suffix.

Where are our batteries made?

Products are designed and built at our facility in Newberry, Florida USA. Superior quality meets exceptional performance in every product we create. Our batteries are rigorously tested to meet the highest standards. Our products are approved & available worldwide. Your satisfaction is our priority. Speak with a real person for expert guidance.

Creating custom-hybrids of standard batteries is a part of Inspired Energy's established expertise. For the IEC & UL 62133-2 approved model, we suggest the ND2054QE34. Additionally, we offer a higher discharge rate and lower temperature option, as the ND3054HD29. The ND2054HD34 has been updated as a replacement for the previous ND2054HD24 ...

Creating custom-hybrids of standard batteries is a part of Inspired Energy's established expertise. For the IEC & UL 62133-2 approved model, we suggest the NF2040QE34. Alternatively, we offer the NF2047HD34 model as a 7.2V ...

NB2037QE34 Smart Lithium-Ion Battery: The NB2037QE34 is a high-performance 7.2V smart lithium-ion battery that delivers exceptional power and reliability. Designed for use in compact and handheld devices, this battery is IEC, UL, CSA 62133-2, BIS, KC & PSE approved to meet the highest industry standards for safety
