

The Asia Pacific gravity energy storage facility market is poised for substantial growth, driven by increasing demand for clean, sustainable, and long-duration energy storage solutions. This ...

The Electricity Generating Authority of Thailand (Egat) plans to convert three hydropower dams into massive energy storage systems with a 90-billion-baht investment. This effort aims to stabilize the clean energy supply, ...

Enertis Appplus+, a global engineering consultancy firm with extended expertise in the renewable energy and storage sectors, acted as an independent technical advisor in closing the BESS ...

Scientists in China have simulated an advanced adiabatic compressed air energy storage, to which they added an elastic airbag with a heavy load situated above it. The energy, exergy, and economic analysis of the system showed that, due to ...

Italian energy storage firm Energy Dome said on Friday it had entered a commercial partnership with Google to supply carbon-free energy to the grids that power the operations of the U.S. tech giant.

Recently, Jinko ESS has successfully won two 5MWh grid-scale energy storage projects in Italy, marking its official entry into the Italian large-scale storage market. The projects, scheduled for ...

Alphabet Inc's (NASDAQ:GOOGL) search engine business Google has struck its first commercial long-duration energy storage (LDES) deal through an equity investment in and a global ...

Pan-European renewable energy developer and investor Galileo has offloaded a 98-MW battery storage project in Southern Italy to an unnamed independent power producer (IPP). Trina ...

Italy gravity energy storage
