Tania studied International Business and completed their Bachelor's degree in 1998. Afterward, Tania pursued further education at Deakin University, where they ...

Mali is endowed with plentiful solar and hydro potential, and energy sector development remains a priority for the Malian transition government. Current power production comes from a roughly equal mix of diesel and hydraulic sources and is less than 700 MW of capacity for a population of approximately 22 million, severely inadequate to meet ...

Energy and Water and the Mali Renewable Energy Agency, for their commitment to this study. We appreciate the positive engagement and valuable input from multiple stakeholders. I am confident that the recommendations in this report will strengthen the pursuit of renewable energy solutions in Mali and across the region. Francesco La Camera
