

New Caledonia ad terra energy

Who is ad terra energy?

As of October 1, 2021, Geneva Petroleum Consultants International will become Ad Terra Energy. Our subsidiary Geneva Geo Energy will also become part of this new enterprise, consolidating our services with a unified vision, reflecting our commitment to better manage our planet's resources.

What is New Caledonia Energy?

New Caledonia Energy is the entity responsible for developing the project for the new power station that will supply the energy for Sociéte Le Nickel (SLN). The current power station is nearly 50 years old and is highly polluting. The ultimate goal is to have a carbon-neutral plant by 2030, which would be a world first in the mining sector.

What is ad terra group?

We are proud to announce the formation of Ad Terra Group, the umbrella organisation regrouping Ad Terra's consulting, investment and operational activities dedicated to the future of energy.

What will totalenergies do in New Caledonia?

Noumea, December 20, 2021 - TotalEnergies will develop a series of photovoltaic and energy storage projects in New Caledonia in order to deliver decarbonized electricity via a 25-year renewable power purchase agreement (PPA) for the industrial operations of mining and metallurgy consortium Prony Resources New Caledonia.
