

Microgrids are introduced with an emphasis on their key features, operational flexibility, and challenges arising from power-electronics-based generation. The mathematical modeling of ...

Degradation modelling of specific hydrogen electrochemical components integrated into microgrid design enabling state of health changes of assets based on dynamic operation resulting from ...

By Jessica Hopkins of RNZ The Labour party says Aucklanders are tired of the government's "silly games". The party was drumming up support for their candidate in the Tamaki Makaurau by ...

UL Solutions launches its first microgrid safety certification services that evaluate entire microgrid systems, including the interoperability of components and multiple energy sources that ...

Australia's luxury motor yacht builder, Riviera, will showcase the highly versatile new 4300 Sports Express in her European premiere as the centrepiece of a display at the Cannes Yachting ...

At HighCut, we've always done things a little differently, proudly rooted in New Zealand, built from the ground up, and guided by the belief that golf gear should feel personal, not mass ...

Power Conversion System (PCS) serves as the "engine" of the energy transition, offering real/reactive power regulation, grid-connected/off-grid switching, and energy storage integration.

FSP's 100 kW PCS supports bidirectional AC/DC energy conversion and is purpose-built to integrate energy storage batteries with grid operations. It's more than just a power bridge; it's ...

Magazine Opinion Off grid investment: New study reveals microgrid efficiency and cost benefits As power challenges impact Europe's AI data centre hotspots, adopting microgrid independent ...

The New Zealand automotive market is more crowded than ever, with new brands arriving on our shores at a rapid pace. Among the latest is Chery, which recently launched, joining its sibling ...

The Minister for Internal Affairs has confirmed the New Zealand passport is in the process of being changed, to have English appear before the Te Reo Maori text. The current passport, ...

This study aims to design and research the integrated microgrid of photovoltaic ES and charging, with the aim of achieving efficient management of microgrid resources through reasonable ...

Detailed info and reviews on 19 top Microgrids companies and startups in United States in 2025. Get the latest

New zealand microgrid design

updates on their products, jobs, funding, investors, founders and more.
