

Is smartflower still available in Europe?

Since the Austrian company SmartFlower Energy went bankrupt, it is no longer purchasable in Europe. This said, an equivalent model simply named "SmartFlower" is still commercialised in the US. This model is very similar to the POP version, aside it being slightly more powerful (205 kWc) and available in fewer colours (white, grey, green and blue).

How much does a smartflower cost?

Near the end of 2017 the original Austrian manufacturer of the Smartflower filed for bankruptcy but the U.S. division remains independent and will continue manufacturing in the United States. The SmartFlower cost is currently \$16,900 for a single unit, but the Smartflower costs \$22,000 for a complete system with batteries included.

Does smartflower work in France?

Additionally, the SmartFlower can work in virtually any climate, as it can work at any between -20°C and 50°C. It will this be usable anywhere in France, at any time of year. The first model introduced was SmartFlower POP.

What features does the smartflower include?

Some of the other features that the SmartFlower includes are: Smart Cooling- The system includes rear ventilation to keep the module up to 18°F cooler than it would be otherwise. This helps with the solar cell's efficiency, as solar panels function differently in varying temperatures. For the SmartFlower, this means 5-10% more output on average.

What is a smartflower Solar System?

The Smartflower is billed as a self-contained residential solar installation produced by the Austrian manufacturing company of the same name. Each Smartflower has everything you need to start producing your own electricity: solar panels, inverter, wiring, and all the other bits and pieces. All you need to do is bolt it to the ground and plug it in.

Who owns smartflower Energy Technology GmbH?

But thankfully, SmartFlower Solar LLC has acquired most of the assets of Smartflower Energy Technology GmbH from its insolvency administrator, and because of this Smartflower is now actively available in Europe.
