Debido a una grave crisis energética y una clara necesidad de transición energética, Omnis Power ha comenzado a invertir en el mercado europeo. El primer centro de producción para la fabricación de paneles fotovoltaicos se encuentra en Italia y se inaugurará en 2024, con una capacidad de producción anual de 600 MW. ...

Due to the energy crisis and the clear need for energy transformation, Omnis Power started investing in the European market. In 2024, the first photovoltaic module factory with a production capacity of 500 MW per year will be opened in Italy. The production lines will be very modern, fully automated, and robotic.

Omnis Power richtet sich nach den höchsten Anforderungen der nationalen Fertigungsnorm GB/T19580-2012 nicht nur in Bezug auf die Produktqualität, sondern vielmehr auch auf das Abfallmanagement in der Produktion, den Umweltschutz und die Pläne für künftige Maßnahmen des Managements.

Omnis Solar Power distributes its solar products, solutions, and services for a variety of utility, commercial, and residential applications worldwide with an organized annual capacity of 3 GW. Omnis Solar Power has multiple production facilities in Asia and global sales teams in the United States, Europe, China, and Singapore.
