

Making waves: Inertia's value in Pumped Storage Hydro In this contributed article, Mark Macaulay, partner, Adam Brown, counsel, and Roddy Cormack, senior associate, from the projects team at law firm Dentons address the market ...

Seasonal pumped hydro storage (SPHS) presents a promising solution for China's evolving power systems dominated by variable renewable energy (VRE) sources with pronounced seasonal ...

Invented in the Alps in the late 19th century, Switzerland opened a pumped storage plant in 2022 called Nant de Drance that can deliver 900 megawatts for as long as 20 hours. Nant de Drance stores surplus energy ...

Quidnet Energy is developing an alternative approach to energy storage by storing water to deliver energy. This new form of sub-surface pumped hydro storage enables large-scale deployment of renewable energy and ...

India aims to reach a battery energy storage capacity of 74 GW and 50 GW of pumped hydro by 2032, as part of its green energy goals. Union Power Minister Manohar Lal Khattar announces the initiative amid rising renewable energy ...

According to the State Grid, the substantial capital injection will be entirely allocated to the construction of pumped-hydro energy storage projects. This initiative is seen as crucial for ...

The nation now sees 52.3 GW of pumped hydro storage under construction or planned and is by far the largest contributor of Asia-Pacific energy companies, which have approximately 71 gigawatts of pumped hydro energy ...

Pumped hydro storage is gaining greater recognition for the important role it can play in the energy transition. Policymakers, industry leaders, and investors were brought together by ...

The Electricity Generating Authority of Thailand (Egat) plans to convert three hydropower dams into massive energy storage systems with a 90-billion-baht investment. This effort aims to stabilize the clean energy supply, ...

While PtP lags behind batteries and pumped hydro in terms of efficiency and cost, OIES stresses its strategic value. In grids with high renewable penetration, hydrogen-based storage offers unmatched long-duration capabilities and grid ...
