Does Puerto Rico have a solar market?

A lot of attention is paid to Puerto Rico's residential solar and storage market, but large-scale projects have recently seen a boost of their own. The Dept. of Energy's Loan Programs Office is financing \$861 million of a 200-MW solar and 1,140-MWh storage portfolio in the southeast portion of the island.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Will Solx be able to build a solar panel factory in Puerto Rico?

Solx has signed a 10-year lease with potential extensions on the 150,000-ft² building on HP's 65-acre campus. The company is investing \$20 million into the facility to get it ready for panel manufacturing. Siting a panel manufacturer in Puerto Rico was always the goal for Solx.

Is Puerto Rico becoming a dominant force in the solar industry?

Francisco Berrios Portela, Puerto Rico's chief of energy, agrees that Puerto Rico is becoming a dominant force in the solar industry. "Renewable energy in Puerto Rico is advancing rapidly across multiple fronts. In recent years, the rooftop solar market has seen impressive growth, with an average of over 3,000 installations per month.

Will a contract solar panel assembly facility open in Puerto Rico?

A contract solar panel assembly facility will soon open in Aguadilla, Puerto Rico, that will supply the utility-scale market on the island and hopefully the greater market on the U.S. mainland. Aguadilla, Puerto Rico. Credit: U.S. Corps of Engineers

Is a 1.2 GW power plant right for Puerto Rico?

"Our primary focus is the utility market, but we can reconfigure our assembly lines to manufacture residential modules as well," Holmes said. "1.2 GW is the right size to service the Puerto Rican market and as a gateway to the larger U.S. region."

SAN JUAN, PUERTO RICO -- The U.S. Department of Energy (DOE) today announced a slate of solar companies and nonprofits selected to install rooftop solar and battery storage systems for vulnerable households in Puerto Rico through the Puerto Rico Energy Resilience Fund (PR-ERF).
