

# Residential backup generator Mauritius

If you're looking for a standby generator that will kick on whenever the power goes out, the Generac Guardian 24kW Home Generator (our best whole house standby pick) offers the most power of all residential air-cooled generators and can be remotely monitored using Generac's Mobile Link Monitoring System.

3. Choose a Transfer Switch. Just like a light bulb needs a switch to turn on, your generator needs one too. An automatic transfer switch (ATS) allows your generator to automatically spring into action the moment a power failure is detected.. It does this by continuously sensing utility power and, after detecting an outage, it immediately starts the engine and disconnects power coming ...
