

Richfield solar solutions Austria

Find company research, competitor information, contact details & financial data for RET Solar Solutions GmbH of Salzburg, Salzburg. Get the latest business insights from Dun & Bradstreet.

US-based Invenergy has begun commercial operations of the Richfield Solar Energy Center, a 50 MW solar facility in Dorchester County, Maryland. The energy generated from the center was contracted to Verizon through a virtual power purchase agreement (VPPA). Invenergy, Verizon, and M& T Bank, the project's financial partner, started the operations with ...
