

Seab energy Sudan

What is Seab energy?

SEaB Energy is taking urgent action to combat climate change and its impacts. SEaB Power; the leading small waste-to-energy product. Transforming your waste on-site to make energy and fertiliser. This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 968363.

Where is Seab commercializing the containerized energy from waste technology?

SEaB is commercializing the containerized energy from waste technology in the U.K.,Portugal,France,India,Brazil,South Korea,Japan,and North America.

What does Seab do?

Create. Enhance. Sustain. SEAB is a Swedish company providing sustainable and renewable solutions for the energy sector in the Middle East,working closely with private and public stakeholders.

How much money has Seab energy raised?

SEaB Energy has raised £2.1M. When was the last funding round for SEaB Energy? SEaB Energy closed its last funding round on Sep 1,2022 from a Venture - Series Unknown round. Who are SEaB Energy 's competitors?

How many investors does Seab energy have?

SEaB Energy has 4 investorsincluding Enagas Emprende and Axon Partners Group. How much funding has SEaB Energy raised to date? SEaB Energy has raised £2.1M. When was the last funding round for SEaB Energy? SEaB Energy closed its last funding round on Sep 1,2022 from a Venture - Series Unknown round.

What does Seab do in Iraq?

SEAB holds an exclusive 25 years contract with N.O.C. (North Oil company) in Iraq to process accumulated petroleum waste(sloppy oil ponds) and deliver recovered crude oil while treating polluted soil,preparing it for agriculture use through bioremediation.

Across the globe, every 1,000 tons of waste processed results in 400 tons of carbon emissions. SEaB spent over £6M developing our founder's invention into the first and leading micro waste-to-energy plants built in shipping containers, that use anaerobic digestion to transform organic waste into biogas in a process that emits no greenhouse gases.

Congratulations to SEaB ENERGY (SEaB Power Ltd) for winning last month's reverse pitch event with Shimizu Corporation! SEAB Energy will soon be making their way to Shimizu's NOVARE innovation facility in Singapore to explore further collaboration... ? Plus, well done to Faradai, Low Carbon Materials
