Welcome to Solar Tech Caribbean, where innovation meets sustainability, and every sunrise brings a new opportunity to power a brighter future. At Solar Tech Caribbean, we are more than an energy company; we are architects of change, committed to reshaping the way Sint Maarten/Saint Martin experiences power, connectivity, and transportation.

The second step foresees the installation of two million stand-alone solar agriculture pumps with an individual capacity of up to 7.5 horsepower. Lastly, the scheme aims at solarising 1.5 million grid-connected agriculture pumps. Kusum aims at benefitting India's 3.5 million farmers. They can sell the surplus power generated from these solar ...

With the greenhouse becoming available for use, our students will see, learn and practice valuable agriculture techniques that will serve them and the greater community for years to come. We are also a member of the "Green Dreams" In-school Waste Management Project which promotes recycling in schools.

Insolagrín is yet another instance of groundbreaking solar design in agriculture. It uses see-through solar panels that can control how much light gets through to help plants grow better. This system replaces traditional greenhouses and enables agriculture to be conducted in larger areas. An essential component of the solution involves a system ...

Letter to the Editor After reading the article "St. Maarten looking to lease land abroad for sustainable agriculture" on September 7, 2022 in many local media outlets, I was struck with disbelief. From December 2021 through June 2022 my company, Infinite Observations, based in Delft, The Netherlands, executed the project "Pilot Study On Price [...]"

The second step foresees the installation of two million stand-alone solar agriculture pumps with an individual capacity of up to 7.5 horsepower. Lastly, the scheme aims at solarising 1.5 million grid-connected agriculture pumps. ...

Sint Maarten solar for agriculture

Sint Maarten became a constituent country on October 10, 2010 (10-10-10) after being part of the Netherlands Antilles within the Kingdom of the Netherlands for over 50 years. Sint Maarten has been an Associate Member of the Pan American Health Organization/World Health Organization (PAHO/WHO) since September 2012. ...
