

Smt energy Ireland

With the SMT Storage System you can increase your solar self-consumption and maximize the intrinsic value of your own solar energy. The highly durable, very safe and fully discharge capable technology does not degrade upon cycling and retains its full capacity over its entire lifespan of more than 25 years, matching the lifetime of your solar asset.

Summit Energy is a clean energy developer and advisor focused on repurposing uneconomic utility infrastructure for a new energy future. We help utilities make the most of aging coal plants, gas plants, substations, and transmission assets that are currently unaligned with their customers' financial and environmental interests by bundling low-cost clean energy assets with financing ...
