

Can you store solar energy safely in the UK?

Up until relatively recently, it has been impossible to store your excess solar energy safely and cost-effectively. However, there are now many solar battery storage solutions breaking onto the market in the UK.

What are the different types of batteries for solar energy storage?

There are two primary types of batteries for solar energy storage: lithium-ion and lead-acid. **Lithium-ion Batteries:** These are the most popular and cost-effective options in the UK. They have a higher upfront cost than lead-acid batteries but offer greater durability and a longer lifespan. **Lead-acid Batteries:**

Are solar panels and battery storage a greener and more sustainable future?

As we stride into 2024, solar panels and battery storage systems are leading the charge towards a greener, more sustainable future. This comprehensive article will provide you with an in-depth look at the current landscape and future projections for solar panels and battery storage in the UK.

How long do solar panels and battery storage systems last?

How long do solar panels and battery storage systems typically last? Solar panels typically last 25-30 years, while modern battery storage systems have a lifespan of around 10-15 years, depending on the technology and usage. What is the average cost of installing solar panels and battery storage in the UK?

Do you pay VAT on solar batteries?

PS You now pay zero VAT on solar batteries: Starting from February 1, 2024, the UK government has extended the 0% VAT policy to include retrofitted residential solar batteries. This exemption now applies to all residential battery storage systems, whether they are installed as new, retrofitted, or in conjunction with a solar panel system.

Are solar batteries a good investment?

That's great - solar batteries are becoming an essential component in maximising the benefits of solar energy. As solar battery costs decrease, more homeowners are pairing their solar panels with energy storage solutions. You can also compare prices for solar-plus-storage with our help.
